Highlights

Bare copper shielding

Bare copper shielding protects against signal loss.

Easy grip

This non-slip grip makes connecting your components easy and ergonomically comfortable.

Flexible PVC Jacket

Flexible PVC jacket provided protection to the delicate core of the cable. It also offers extended durability and ease of installation.

Gold plated connectors

High quality connectors which minimize signal loss.

Quality construction

Quality construction uses only top grade materials to create products of extended durability.

Molded plug

Molded plugs ensure secure connections between components and offer extended durability.

Rubber strain relief

Rubber strain relief provides a secure, yet flexible juncture between the cable and the plug.
